016 Meeting Notes

Mendocino County Association of Fire Districts

10:00am Wednesday April 19, 2017 at the Anderson Valley CSD, Boonville

MEETING - Introductions and Attendees:

Lucien Long ECSD, Chris Wilkes LLFPD, Pat Garrett UVFPD, Kathleen McKenna AVCSD, Linda Talso RVCFPD, Don Dale RVCFPD, Tony Orth BTCSD, Joe Sutphin FBFPA, Jim Little Laytonville LVFPD, John Allison WFPC, Alan Taeger ALRFPD, Andres Avila AVCSD, Claudia Hillary RCFPD, Ben MacMillan ECSD

Unable to attend: Michael Schaeffer CCSD, Dave Roderick HFPD, Denise Rose BTCSD, Jim Brown Ukiah City, Bill Knapp WFPC

Guests: George Gonzalez MEU Chief, Paul Duncan MEU ECC, Kyle "Brett" Pinson MEU

CONTINUING and NEW BUSINESS ITEMS:

1. George Gonzalez, the new MEU Chief, attended our meeting with two members of the MEU CalFire group. We learned that Tim Person (formerly in charge of Howard Forest ECC) is now working at the CalFire unit near Grass Valley. Paul Duncan is currently acting in this position until a replacement is selected. Mr Duncan's credentials include working as a paramedic with South Coast Life Support District in Gualala.

Per our MCAFD request, Mr Gonzalez provided copy of the 2016 Mendocino County Fire Services Incident Totals. As we learned last year, this is a very interesting document. Copies will be routed to each agency after we receive an electronic version. Mr Gonzalez gave a short presentation on the fire prevention program funded by SRA fees. The information he passed along was essentially the same as we have heard and communicated. Seasonal inspectors are hired, grant funds are made available for identified projects, and more monies leave the County than are returned.

A meaningful discussion about the "Assistance by Hire" agreements that CalFire has with each Agency. Sacramento is looking to have each CalFire unit's agreements match the CFAA agreement's 12-hour rule before reimbursements are made for local agency responses. Current MEU agreements specify a 4-hour time period before reimbursement. Mr Gonzalez indicated that the MEU will continue with the 4-hour period. Clearly, a longer time period before reimbursement would have a major detrimental effect on our local agencies and the likelihood of volunteers willing to respond. This possibility generated a quite lively discussion with Jim Little from Laytonville presenting very cogent arguments for not changing.

- 2. The pending status of the County's releasing Prop 172 & CSA #3 funds was discussed. An inadvertent copying error resulted in each agency's contract omitting administrative wording. The County has now re-generated a page 1 for each agreement with the missing few words re-inserted. Email copies of each fully signed contract will soon be available. Due to the short time remaining before the end of this FY, questions arose about whether all monies had to be spent or returned to the County. Other questions about documentation to be furnished by each Agency to the County arose. Contact will be made with Alan Flora to seek clarification and direction. Once obtained, this will be communicated.
- 3. Lack of participation in the BOS "Public Safety" standing committee was discussed. Specific examples of requests to participate were detailed. Don Dale made a strong case to present the BOS with a formal written request to be agendized, this can't be ignored. Seems a very good point.
- 4. Denise Rose generated a draft proposal for Fire's allocation and use of yet-to-be-seem cannabis tax revenues. A portion of this draft included possible dedication of a portion of the funds into a restricted grant funding account that would then be allocated based upon identified needs. In concept, proposal generated some serious concerns. A copy of this draft will be routed to each Agency for comments and input and discussion will he scheduled for the June meeting.
- 5. Ukiah City's concerns relating the Prop 172 & CSA #3 funding will be carried forward to the next meeting.
- 6. The open 3rd District Supervisor's position and the process to fill it were briefly discussed. In a seemingly secretive process, the Governor's office is conducting interviews with a number of unannounced candidates (potentially up to 10). Once the replacement individual is appointed, it was suggested that the MCAFD schedule a fire issues informational/update meeting to bring them up to date.

- 7. Nash Gonzalez, Interim Director of Planning and Building Services, was suggested as a potential speaker for our next meeting. A number of Fire-related issues clearly fall into the P&BS domain. Quick agreement was reached and he will be invited.
- 8. Briefly, AVCSD's application to activate their latent powers to include ambulance services was mentioned and a LAFCO hearing is scheduled for May 1. Once activated, the AV Ambulance can merge (be absorbed into) the AVCSD as one agency.
- 9. Under SB 415 (2015), election cycles of small special districts are to be consolidated with state wide elections by 2022. However, there is a Jan 1 2018 deadline to have a plan in place to accomplish this transition. Significant election cost increases will almost certainly result for any district choosing not to follow this consolidation move. County Counsel's office has produced a set of instructions and draft resolution template for our Agencies to use in this process. This information was previously routed.
- 10. A new SB 432 (2017) calls for emergency first responders to be immediately notified if they have been exposed to a serious recognized health hazard. Following discussion, it was agreed that the MCAFD will generate a letter of support. Kathleen McKenna volunteered to prepare a draft.
- 11. The concept of forming a MCAFD "population subcommittee" to analyze available census information and then propose population numbers for each District/Agency for use in future funding allocations was broached. The combined totals must not exceed the County's total population. Reaction was quite favorable among those present.
- 12. A suggestion was made that LAFCO (or County) prepare a single map which would include both District boundaries and District/Agency recognized service areas used for dispatch. After reviewing problems with LAFCO's maps which variously show different service areas for Westport and nothing for Whale Gulch, it was clear that inconsistencies exist. LAFCO maps do not reflect District service areas. After important discussion, it was felt best not to have a County map which would detail this combined information for each Agency because it could be seen as a guarantee of service. Following this point of view, conversation shifted to possibly using a copy of map(s) used by Howard Forest ECC dispatch that would generically contain this information. No specific resolution occurred as the conversation shifted to the dispatch RFP process.
- 13. A quick summary of the Ambulance EOA RFP and Dispatch RFP process and activities took place. An important new (to our group) concept surfaced. We learned a concept to potentially combine the separate RFP's into a single RPF for both Ambulance and Dispatch is being floated. Further discussion led to the recognition that any such combination would mean that only Ambulance providers would be eligible to participate in the RFP process ... thus excluding CalFire's ECC from bidding. Clarification of this possibility is urgently needed. Via contact with Tammy Moss Chandler, this question will be raised and Fire's concerns noted.

FOLLOW-UP ITEMS FOR NEXT MEETING:

- 1. Ukiah City concerns/issues with Fire funding allocations
- 2. Cannabis tax draft allocation proposal
- 3. RFP Process
- 4. Standing Committee and Fire's issues including budget inclusion
