## 039 ALRFPD Active Committee Reports

#### 20 September 2017 Regular Business Meeting

Operations Issel & Taeger

No public report at this time of current activities now underway.

#### Long Term Budget Plan

#### Issel, Williams & Taeger

- Draft is nearing completion for our 15 Year Projected budget Plan for identified expenditures, complementing the 2017 Strategic Plan. Anticipate formalization in November or December.
- Work continues characterizing and costing necessary equipment and housing for new tender, pumper and rescue vehicles. Major considerations include evaluating mutually exclusive tradeoffs between ISO insurance ratings and practical emergency response capability. Worst case estimates are under consideration for FY 17-18 Budget Planning. After cost identification is made, 5 year planning increments over a 15 year time horizon will be employed to revise baseline expenses.

#### **Facilities & Apparatus**

#### Issel, Taeger & Williams

- Station 810: ALRFPD have been leaseholders for decades on the property upon which our Station 810 was built. Anderson Properties has notified us the property is now for sale. In response, a strong expression of interest has been made and acknowledged. Meanwhile, we have engaged a market value land appraiser to guide current negotiations. Property land use issues have arisen effecting value appraisal which will require legal advice for us to proceed.
- Station 811: Vehicle Garage construction project has been delayed by unforeseen contractor scheduling conflicts, pending resolution in November. Meanwhile, research of County Records for Station 811 Septic Status Decision by County Environmental Health is pending.
- 8130 Rescue Replacement: Michael Issel, Marshall Brown, Ted Williams met with John Bauer for review of 8130 specifications & plans. Several adjustments were applied to plans to better address required district compromises. Box construction has begun, vehicle chassis delivery is made, integration is pending. Delivery schedule remains January 2018.
- 8162 Pumper: CAFS Module operations review awaiting visit response from Darley Pump.
- 8181 Pumper: Our new vehicle is undergoing delivery preparation in Sacramento. Delivery, evaluation, and a full day of FD volunteer member training will be performed for both 8191 and 8181, scheduled for late November to mid-December.
- 8191 Tender: Our new vehicle has been delivered. Functional evaluation period is near expiration. Horn warranty service is pending. Delivery into service is pending completion of radio and equipment installation and completion of FD volunteer member training.

#### **CONTINUING and NEW BUSINESS ITEMS:**

1.) Tony Orth reported on the MCAFD June 26 meeting with Sheriff Tom Allman and Rick Ehlert MCSO OES Coordinator. The meeting was requested by Orth to explore a potential alliance between Fire Agencies and the OES function of the MCSO. Fire's ongoing struggle for representation/communication with the County BOS was the driving factor and focus for the meeting. Orth noted Allman's receptivity to allying with Fire which performed essential emergency services as did OES. Allman stated a willingness to help with Fire's representation in the budget development process (though already complete for this FY).

In a wide ranging group discussion, Orth was optimistic about Allman's approach and with the potential for working together. Roderick presented a different perspective on the same meeting. He indicated that he felt the Sheriff would be supportive only so long as it did not intrude on his potential avenues for funding. Roderick also felt that more immediate actions were needed to establish ongoing communication and representation with the BOS where financial decisions are made ... not by the Sheriff's help in the budget process. Comments were made about the strained relationship between the BOS and Sheriff which might not bode well for Fire.

The focus then shifted to EMS because the County is responsible under law for these critical services. No support for Fire's EMS role has been proviced. Collectively, using unmet EMS responsibilities as leverage with the BOS was deemed a more appropriate way to get the BOS to re-engage with Fire. Roderick recently sent an email focusing on the County's failure to address issues in the Fitch Report to Supv McCowen and included a copy of the Report. (McCowen took office after the Fitch Report was issued.) Following energetic group dialog, it was suggested to call upon Chris Neary to draft a letter putting the County on notice of it's failure to provide essential support to Fire agencies for their EMS role as required by State Law. Once written, approved, and delivered to the BOS, this letter could be made public ... thus generating renewed public attention and support. (Rose will let Chris Neary know about this letter and Roderick will provide essential input.)

- 2.) A relatively brief discussion about the dual RFP's occurred. Concerns about CVEMS and challenges to their motivations were voiced. A Sonoma County Supervisor has raised challenges to CVEMS which are similar to those heard here in Mendocino County. CVEMS should be working hand-in-hand with Fire as an essential EMS provider, yet they don't seem to feel this obligation. Without any compensation for services, Fire is first responder to almost every incident -- but CVEMS appears to minimize this function when compared to their narrow focus on ambulance transport. CVEMS has stated their role is to ensure ALS ambulance response and that Fire's EMS response is simply "gravy" for their mission. This was stated in a February meeting. Avila pointed out that Fire Agencies can't be required to provide EMS responses outside their legal boundaries (ambulance transport providers are different and can be must serve larger areas as needed). Fire has been providing EMS responses without any support from the County for years ...
  - 3.) Proposals for a cannabis tax allocation formula were carried over.
- 4.) Contact was made with Alan Flora about the expected 2017/18 Prop 172/CSA #3 allocations. He replied that renewal of the agreements should be a simpler process this year, but that Supv McCowen has reservations about the MCAFD allocation formula. After another round-table discussion of the existing formula took place. Ultimately those present, once again, agreed with the formula and the rationale that was used to create it. According to Flora, a request to discuss this formula in the upcoming 9/25/17 BOS Public Health, Safety, and Resources Standing Committee will be made. McCowen and Hamburg comprise this PHSR committee. Generally, it was felt that McCowen wants to be a decider for how funds are allocated and

his method might pit one agency against another in competition for funds. It was felt that most other Sups are happy with the allocation formula (plus the fact that they didn't have to create it) and would likely support it over McCowen's potential objections. Assuming the existing formula is agendized for the 9/25/17 meeting, it will be very important that MCAFD be well represented.

- 5.) "Local Fire Agency" is an essential term for our allocation of Prop 172/CSA #3 funds. Official Districts are simple to define, however Volunteer Fire Companies are the sticking point. LAFCO doesn't want its name utilized in the definition as the governmental agency which grants VFC's recognition because it has zero jurisdiction over these non-governmental entities. Important discussions ... but, limited progress. Mapping of service/dispatch areas for such agencies appears quite important. The objective of the definition is to ensure that only bonafide provider organizations become eligible for the distribution of public tax revenues.
- 6.) Both NFIRS and NEMSIS mandated reporting was touched upon. All Fire dispatches are required to be reported electronically in the National Fire Incident Reporting System. Currently only ambulance responses are required to submit ePCR reports in the National Emergency Medical Services Information System. These electronic Patient Care Reports may be required for first responder EMS patient contacts in the near future. CVEMS ImageTrend software appears to enable filing both required reports using one online software.
- 7.) Elk CSD reported its recent conversion to CALNET which is a State of California contract and service ordering system. Once signed up, they switched their AT&T phone service over from a long-standing business rate to the CALNET contract rate. The first bill hasn't been received, but the new rates are supposed to be ~\$10 per month per phone line vs ~\$80 currently.
- 8.) The election filing period for all special districts ended on 8/11 ... there will be no elections because no offices are contested. A small number of districts don't have enough candidates for all positions.
- 9.) Ongoing problems with finding local CPA's willing to perform annual audits of special districts led to the discovery that Gov Code 26909 calls for County Auditors to perform this function or to arrange for a CPA to perform them. MacMillan will contact Lloyd Weer to explore and clarify ... districts still have to pay for the service if the County or outside CPA do the audit.
- 10.) Will Emerson from Bell Springs VFD attended today's meeting. It's an official 501(c)(3) tax-exempt organization which monitors Howard Forest's Laytonville calls and self-dispatches to calls in their local area. They work with CalFire, Laytonville FPD and Palo Verde VFC (from Humboldt County). Sue Carberry (LVFPD's Chief) has been quite complimentary re: Bell Springs' help.
- 11.) A common theme throughout today's discussions was frustration with the lack of BOS engagement with Fire. The proposed Chris Neary letter putting the County on notice for failure to provide madated support for EMS functions is expected to be an important step in bringing the BOS back into meaningful dialog with Fire. Knapp will personally contact Supv Gjerde to underscore our frustrations, lack of inclusion in the PHSR standing committee meetings, and to explore thoughts about defining a "Local Fire Agency".

MacMillan described an email exchange with Tammy Moss Chandler (HHSA Director) and her reaching out to discuss current Fire concerns. This definitely seems a positive connection. She was invited and agreed to attend our upcoming October 18 meeting. This October date meshes well with the RFP process timeline that's moving forward under Chandler's HHSA -- the lead agency over CVEMS. She has a good working relationship with the BOS ... unlike Sheriff Allman's often testy interactions. With HHSA responsible for EMS, an alliance with Fire may open a path to re-establish connections with the BOS ...?

Attachments: AV Fire Service Contract Template.pdf

#### Greetings again,

A few items were not included in the notes (I found a page of jotted down points I'd overlooked):

As part of the recovery from AVCSD's canceled boundary adjustment and annexation process, LAFCO created service contracts for AVCSD to use for properties being serviced that are outside of District boundaries. A copy of this contract template is attached. It may prove useful for Districts that provide services to properties beyond their legal boundaries. Language and code sections to justify such billing seems to be included. Thanks to AVCSD for sharing this template. It will obviously need to be modified to correspond to any other Agency.

BTCSD has seen a significant increase in marijuana growing and processing operations in their greater service area. Large buildings have been constructed w/o permits, a new wave of trimmers is arriving and camping in unauthorized areas, more chemicals are in use ... together these are a huge potential risk for Fire Agencies. None of this has been provided for in new cannabis regulations.

RVCFPD reported that their Chief Don Dale is back in CA after heart surgery and is recovering well. It will be some time before he returns to duty. A new casino is being built on tribal lands in their service area. Originally, agreed to plans called for a two story hotel unit to be constructed adjacent to the new casino. It has just been learned that plans were modified without notifying RVCFPD, and the hotel is now four stories high. The District does not have any ladder equipped apparatus capable of responding a structure this tall. Funds are not available for the purchase this apparatus ... much less dollars for the specialized training and 24/7 required staffing for such an engine. Bet there's more to follow. Also, a large group of explorer scouts recently underwent very successful water rescue training.

Willits cautioned those present on the consequences of new California DIR mandated prevailing wage contractor bidding requirements. The cost to replace a single roll-up door which was recently damaged went from a normal total installation cost of ~\$2,500 to ~\$8,000 under the new mandates. Cost projections for their new proposed firehouse have increased

by ~30% in just over one year. They cautioned that under the new requirements costs will increase by at least 30% to 40% over traditional construction costs.

Willits also noted fallout from the recent fires in Oakland. The State Fire Marshall has come under significant pressure for building inspections. Apparently, under law, the State Fire Marshall is required to provide these inspection services for Fire Agencies with no paid personnel. However, if an Agency has one paid FF position, that Agency becomes responsible for such inspections. This caught Willits by surprise. They haven't inspected buildings in quite some time ... no doubt just like all our understaffed and underfunded Agencies. Under law, inspection fees can be charged, but this is a big problem for property owners who have not faced these fees or inspections in the past. Seems both a PR as well as a safety problem ...
